

## **Harmon Racing Cells Contingency Program**

Congratulations and thank you for your purchase and support of Harmon Racing Cells products. In order to support the racers who ultimately support us we've developed the 2014 Harmon Racing Cells Contingency Program. What this program does is reward competitors for using and supporting our products. It's no secret; we wouldn't be here without you! From the desert racer to the track junkie your loyalty and support have helped us grow to become one of the world's leading innovators in fuel cell and fuel system design.

### **How the Program Works**

Each year we pick several events from across the country which you can find listed on our website. These events range across classes and types of racing (off-road, road, boat) and are posted 2-3 months in advance of event date. Simply fill out the accompanying form and mail/email/fax it back to us to register yourself and your vehicle for the year/season.

### **What are the Requirements**

Simple, use our product in your vehicle and run a couple stickers on the car for each 2014 HRC Contingency Program qualifying race.

### **What are the Rewards**

The prizes can vary but are usually cash purses, ranging from \$100-\$1000. These can be exchanged for a credit to your account on a future order but is not required. Prizes will be distributed within 30 days of the completion of the race.

### **How to Claim a Prize**

Firstly, fill out the attached form to register yourself and your vehicle with us; if we don't receive a completed form you will not be registered. From here we'll update you with races we'll be running contingency on and keep tabs on any wins. However, you are still responsible for registering yourself with Tech/Contingency at the race, so make sure to check with them and let us know if you need new/extra stickers. Prizes will be distributed within 30 days of the completion of the race.

## Contingency Release and Registration Form
